

APRIL 13-15, 2026, JUJU PREMIER PALACE ANTALYA, TURKIYE

We Invite You to AMC 2026

Join us in Antalya for the next edition of Türkiye's leading event in additive manufacturing. Following the success of AMC 2025 which welcomed nearly 300 participants and featured world-renowned keynote speakers

AMC 2026 promises to be even more dynamic and inspiring. With rapidly growing international participation each year, AMC has become a key platform for sharing knowledge, showcasing innovation, and fostering global collaboration in advanced manufacturing.

Don't miss the opportunity to be part of this exceptional gathering in 2026.

On Behalf of Conference Organizing Committee

Prof. Yusuf Kaynak
Conference Chair

TOPICS

- Additive Manufacturing Process Modeling and Simulation
- Applications of Additive Manufacturing
- Data Analytics in Additive Manufacturing
- Design for Additive Manufacturing
- Functionally Graded Materials in Additive Manufacturing
- Hybrid Processes
- Lattices and Cellular Structures
- Microstructural Characterization of Additive Manufacturing Components
- Novel Materials for Additive Manufacturing
- Post-Processing Operations
- Process Monitoring and Control in Additive Manufacturing
- Process Planning for Additive Manufacturing
- Topology Optimisation Applications in Additive Manufacturing
- 3D Bioprinting and Biomedical Applications

IMPORTANT DATES

Extended Abstract Submission Deadline	January 01, 2026	Full Paper Submission to JAMTECH	January 01, 2026
Notification of Acceptance	February 01, 2026	Revised Submission	March 01, 2026
Early Registration Deadline	March 07, 2026	Final Program Release	March 15, 2026
